What is ICARE?

ICARE is a foundation established for the purpose of rewarding excellence in our school district. The foundation allows individuals and businesses to make charitable donations, memorials, and honorariums to encourage the continued development and success of ICISD students, faculty and graduates. The foundation board believes that with your help, the foundation will provide students, faculty and graduates with the tools they need to open new doors of achievement, reach new heights of success and to blaze trails where others have not gone.

H.S. Technology students competed in the annual Tech Prep Fair, earning 2nd place & a \$250 grant. Designs are currently displayed in the Administration Building.

HOW WILL DONATIONS BE USED?

Donations will be used to support scholarships for students and/or faculty members, mini-grants for school or class projects, educational field trips, and instructional equipment.

HOW IS THE FOUNDATION MANAGED?

The foundation is managed by a seven member Board of Directors. Directors are elected annually. The Board is charged with managing foundation donations and determining how funds will be awarded throughout the year. School district representation on the board will consist of no more than three ICISD board members and one ICISD school administrator. Awards will be made based on the availability of funds.

Scooter Scott is the current Foundation President. Please contact Scooter for more information about how and why the foundation was established.

HOW DO I MAKE A DONATION?
